Who Took the Bird Feed?

Gather all the facts before you jump to a conclusion.

Draw a line that connects all the facts leading to the bird who took the feed.

purple feather

eats grain

The image contains several illustrations: a spilled paint can with blue and red paint, a purple feather, a rooster with a red comb, a purple bird with a red collar and a briefcase, a purple bird with a red collar and a bad reputation (indicated by a red circle with a slash), and a purple bird with a red collar eating grain.

Who Is It?

There's a lot more to a person than what they appear to be.

Follow each path to find who the purple feather belongs to.

The image shows a maze with three entrances at the top. On the left is a purple bird with a red collar. In the middle is a purple bird with a red collar and a gold bell. On the right is a rooster with a red comb. A purple feather is located inside the maze. Arrows point from each entrance towards the maze.
